**Subject:** Exhibition of work covered by Synergy Group

---

An exhibition featuring the work that has been covered by the Synergy Group in various projects is being put up in the foyer of the Education Division, Floriana, from Monday 22<sup>nd</sup> to Wednesday 31<sup>st</sup> May 2006.

This exhibition should provide information to those schools who would like to learn more about the Synergy Project. It is also a good opportunity for parents to become aware of the work children are doing in schools and how Art, Drama and Music can help them become more effective learners.
